Stick shadow war fight mod money

Sticking to the shadows: War War - is a unique action battle game with relatively good graphics, the most standard controls, as well as some characters. From the outset, the main character of the game needs to choose some character, and then go to the arena for battle, where the enemy is already waiting for him. To defeat the enemy, you need to use all the skills and techniques available at the disposal of fighters. Also, there are a large number of common strikes, as well as superpowers. However, enemies have the same skills and abilities, and it is also worth saying that with each new level, they will get stronger.
